Furniture Care

Wood Care

Wood is easily affected by its environment, so here are some tips to keep your furniture in great condition:

- Keep out of direct sunlight - it bleaches the wood
- Keep away from sources of heat and/or damp - this can warp timber and damage the surface
- Don't place against a wall - let the air circulate behind bookshelves or sideboards
- Don't drag or push the furniture along - this can damage the bottom as well as your floor!

- Use coasters and placemats
- placing hot items directly on wood can warp or damage it
- Wipe spills off immediately to prevent water soaking in
- Move ornaments periodically to stop marking caused by light
- Take out stored table leaves periodically to avoid differences in colour
- When polishing, use a high quality beeswax polish which does not contain silicone

We stock Old Charm approved Beeswax Polish. Call us on 01920 469241 for more information.

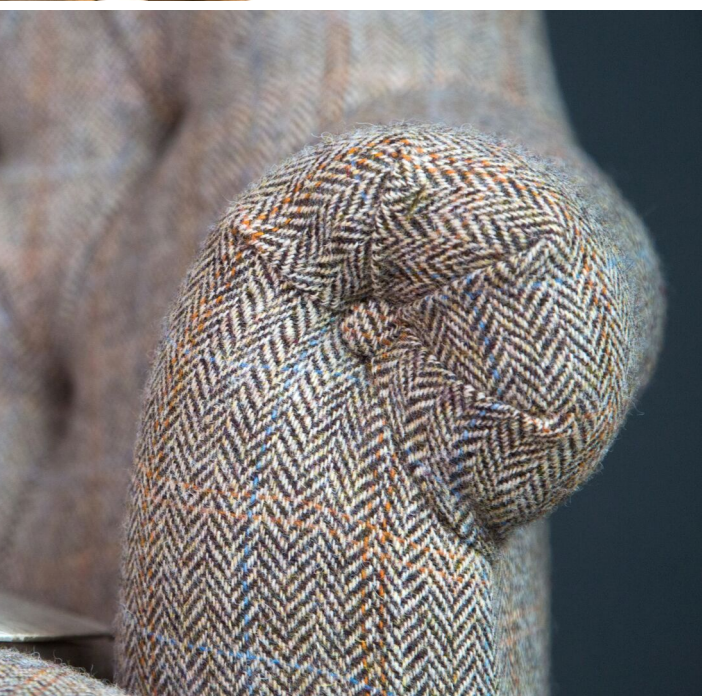

Fabric/ Wool Care

We know accidents happen, but follow this advice to keep your fabric clean and healthy:

- Keep out of direct sunlight - otherwise the fabric can fade
- Hoover your sofas regularly. Yes, really! It removes surface dust and debris
- Do not allow pets on your sofas if you can help it!
- Flip your cushions - this ensures you don't wear through it quickly
- If you spill something, blot it with a damp cloth immediately. Don't rub it!
- Professional cleaning is recommended

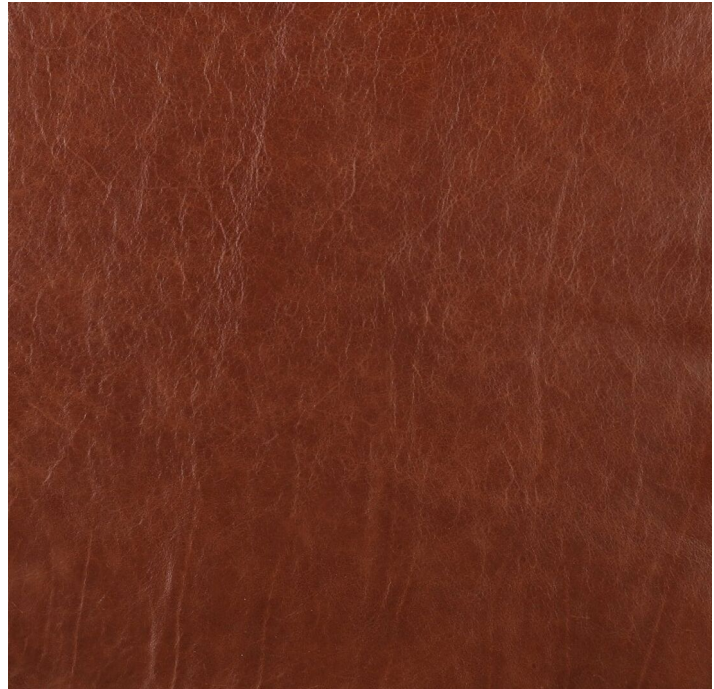

Leather Care

Our hides are lightly buffed, semi aniline leather finished with a blend of oils and wax.

- Keep out of direct sunlight - this can change the colour
- Clean only with a little warm water and hand soap
- Do not use detergent or chemical polishes
- Clean spills immediately to prevent staining
- Do not use leather creams

It is natural for leather to have some marks on it - scratches, stretch marks and other imperfections reflect the cow's life.

Glass and Fittings

These items can be broken if you are not careful, so please follow this advice:

- Ensure all items are within shelves - items sticking out can damage the glass
- Never force doors open and closed
- Do not use any abrasive cloths when cleaning
- Keep bureau keys in a safe place where they are likely to stay!

Replacement hinges, handles, glass and keys can be ordered from us - call 01920 459241.

General Tips

- If moving house, ensure items are wrapped in blankets and any doors and drawers are secured shut
- Register your lifetime guarantee on receipt of your furniture
- If placing furniture on hard wood/laminate floors, pads can be used for protection
- Enjoy it! Our furniture is designed to be beautiful, stylish and practical so that you can enjoy it for many years to come!

WOOD BROS

ENGLAND 1924

Started in 1924 by H.W. Wood, we are still a family-run company. We are so confident in our products that we offer exceptional guarantees as the ultimate symbol of trust.
